Section 214 Application

Applicant: AT&T Inc. on behalf of Illinois Bell Telephone Company, Indiana Bell Telephone Company, Inc., Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, Southwestern Bell Telephone Company, and Wisconsin Bell, Inc.

On January 9, 2008, AT&T Inc. (AT&T or Applicant), located at One AT&T Plaza, Dallas, Texas 75202, filed an application with the Federal Communications Commission (FCC or Commission) on behalf of certain of its affiliates, **Illinois Bell Telephone Company, Indiana Bell Telephone Company, Inc., Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, Southwestern Bell Telephone Company, and Wisconsin Bell, Inc.** (the AT&T Affiliates), requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain tariffed services throughout the geographic areas served by the AT&T Affiliates. By an amendment filed January 25, 2008, AT&T provided clarification regarding notice to affected customers.

AT&T indicates that the AT&T Affiliates offer a directory listing service under the names DirectLine Custom, Ameritech Directory Search, Electronic Directory Listing Service and Electronic Listing Access service in Arkansas, California, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas and Wisconsin.¹ AT&T explains that these services provide electronic access to the AT&T Affiliates' directory listings database without the assistance of a directory assistance operator. AT&T indicates that it is upgrading the technology associated with these services and that the functionality that allows access to the directory listings database will no longer be available as a result of

¹ AT&T states that the AT&T Affiliates offer these services pursuant to the terms of the following tariffs: DirectLine Custom service is offered in Southwestern Bell FCC Tariff No. 73, Section 17; Ameritech Directory Search is offered in the Ameritech Operating Companies FCC Tariff No.2, Section 9; Electronic Directory Listing Service is offered in Pacific Bell FCC Tariff No. 128, Section 9.7; and Electronic Listing Access Service is offered in Nevada Bell Telephone Company FCC Tariff No. 1, Section 9.7.

these upgrades. Consequently, AT&T states that it plans to discontinue these services effective March 28, 2008, subject to Commission approval. AT&T maintains that it instead will offer access to its directory listings databases through comparable Internet-accessible products, *e.g.*, National Electronic Information Service and National Listing Match Service, which are based on more current technology and have more robust searching options. In addition, AT&T asserts that there are many competitive providers of electronic directory listing services in the AT&T region which include www.voltdelta.com, www.choicepoint.com, and www.anywho.com. AT&T indicates that Southwestern Bell Telephone Company notified its customers of its intention to discontinue DirectLine Custom service on January 8, 2008. AT&T adds that none of the other affiliates currently have any customers subscribing to any of the other services they plan to discontinue. AT&T acknowledges that this application will be processed using the Commission's rules for dominant carriers.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In AT&T's application, AT&T indicates that the AT&T Affiliates plan to discontinue the affected services on March 28, 2008, subject to Commission approval. Accordingly, pursuant to section 63.71(c) and the terms of AT&T's application, absent further Commission action, the AT&T Affiliates may terminate these services in Arkansas, California, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas and Wisconsin on **March 28, 2008**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **February 27, 2008**. Such comments should refer to **WC Docket No. 08-11 and Comp. Pol. File No. 853**.
